

InSight Innovation Summit: Explore Sessions on Digital Transformation for **Global & Enterprise Customers**

1:1 Meeting Tracks

with Convergent experts and partners

- How Digital Transformation is Driving Horizontal Innovation
- Manage IoT Devices with a Software-Only Solution
- Touchless Physical Access Control for a Smart & Safe Workplace
- Solving Challenges with the Latest Innovations in Video Analytics
- Empower Security Teams with LenelS2 OnGuard System
- Driving Smart Decisions with Actionable Data
- Simplifying Cybersecurity and Preventing Attacks
- Converged Biometric Identification Solutions
- Safety and Security Start with Smart Technology

Strategy Sessions

with industry thought leaders discussing the latest game-changing technology

- Global Impact: Leveraging Partnership to Navigate Change
- The Emergence of IT Visual Intelligence with Cloud-based Security
- Reducing the Vulnerability of Your Surveillance Systems from a Cyber Attack
- AI and Digital Transformation: Through the Industries' Lens
- The Future Is Here: Identity Management & Secure Credentials for the Hybrid Workplace
- Digital Transformation: A Catalyst for Growth
- Convergent Monitoring: Rethinking Enterprise Monitoring
- Making Your Technology Strategy a Reality
- Optimizing Data Center Deployments with Global Capabilities and a Programmatic Approach

Innovation Demos

showcasing transformative solutions on May 20th with 110 demos

 Cybersecurity	 Situational Awareness	 Video Surveillance / Analytics	 Secure Identities / Credentials	 Access Control
