

Creating safe
K-12 environments
with **fully-integrated**
security & safety solutions

Convergint value

Convergint aligns K-12 safety objectives across multiple layers, including property protection, visitor control, classroom security, and emergency response plans. With cooperative purchasing through **pre-negotiated contracts**, Convergint ensures maximum value, absolute security, and full compliance with local, state, and federal procurement regulations.

Convergint's **dedicated experts** have a deep understanding of government guidelines such as Partner Alliance for Safer Schools (PASS), providing a **tiered approach** to securing and enhancing school safety.
