convergint®

Convergint **value**

Convergint's Professional Services Group is a team of **dedicated experts** who specialize in planning, developing, and deploying complex solutions such as access control systems.

Access control systems have the ability to report on several different areas of the software with limited customization. Convergint's team **enhances system functionality** by offering customized reports, gathering all relevant information, and requirements to generate a report that **meet your needs**.

Custom reporting **solutions**

- ✅ **Direct SQL to Excel reports**
- ✅ **Compliance reporting**
- ✅ **Mustering reporting**
- ✅ **Occupancy reporting**
- ✅ **Audit reporting**
