Providing security and compliance for the **oil and gas industry**

convergint®

Convergint **value**

Convergint is dedicated to driving operational efficiencies for the **oil and gas** industry. Convergint's global footprint provides **high-security protective strategies**, methodical program implementation, and comprehensive integrated sensor solutions. With a deep understanding of regulatory compliance requirements, Convergint deploys a layered design to **ensure maximum performance** and functionality.

Convergint **solutions**

- ✔ Cybersecurity hardening
- ✔ Regulatory compliance
- ✔ Physical security
- ✔ Design and engineering
- ✔ Sensor integration
- ✔ Methodical process operations
- ✔ Perimeter protection
- ✔ Program management
- ✔ Patch management
