

About Convergint

Convergint is a **global systems integrator** focused on delivering results for our customers through unparalleled **service excellence**. At Convergint, our top priority is service in every way—to customers, colleagues, and the community. As an integrator, Convergint works alongside a global network of partners and manufacturers to design, install, and service security, fire alarm, life safety, and audio-visual solutions for enterprise customers. Our unique and empowered culture, guided by our Values and Beliefs, helps us to execute on our mission, and our number one objective: to be our customers' best service provider.

About Convergint Ireland

Since expanding its global reach and establishing presence in Ireland in 2016, Convergint now **serves customers across the country** in verticals including financial, pharmaceutical, data centers, global accounts, higher education, and more. With core office in **Dublin and Cork**, Convergint offers a wide variety of services and solutions across Ireland, including access control, video surveillance, intrusion detection, perimeter protection, cybersecurity, and digital transformation technologies.

As a **purpose-built mission critical** organization, Convergint Ireland's colleagues—situated across the country—strive to meet increasing demands in this market, all while being our customers' best service provider.
