

Convergent partners with Genetec to **deliver optimal care to staff and students**

Convergent value

In a chaotic world where the level of data is exponentially increasing, higher education organisations need a **security partner they can trust**. Convergent partners with Genetec to ensure that on campus staff, students, and assets are safe and secure. This partnership strives to **create resilient, connected solutions** that give higher education customers a more in-depth view of their environment so they can respond to, and recover from incidents quickly. Convergent and Genetec together can simplify, unify, and clarify environments, so that their **customers are confident** with the **security solutions being delivered**.
