Axis Powered by Genetec

Powering innovation

Genetec™

AXIS COMMUNICATIONS

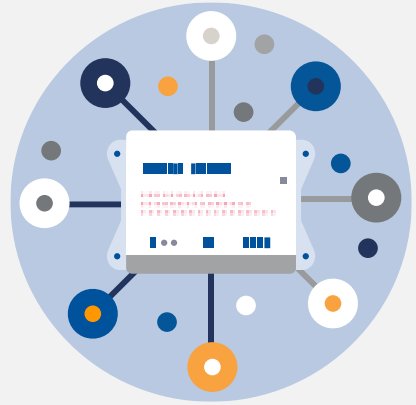
Synergis – Truly open access control

Something missing….

Sites with low density of readers

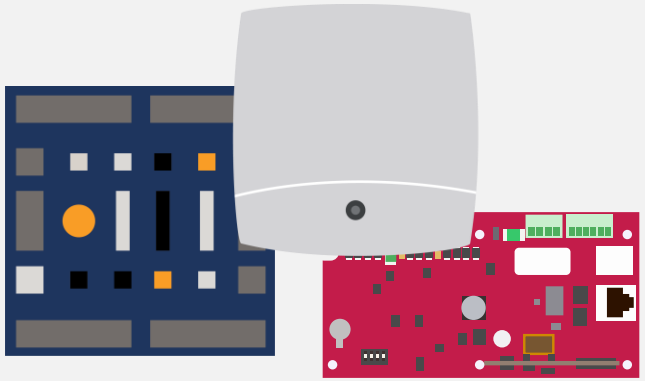
Easy and quick installation with low maintenance

Intelligence even closer to the door



Hardware diversificatior

Further expanding the Synergis ecosystem



New partnerships –
New potential architectures

Containerized architecture

POWERED BY
Genetec™

Powered by Genetec

New way of bringing a solution to the market

i.e. loading Genetec software directly onto 3rd party devices

Non-exclusive business model

Axis is 1st but open to other partnerships

More options for customers

Continuous delivery of innovation

Ease of deployment and maintenance

Computing at the edge

Genetec MC

AXIS COMMUNICATIONS

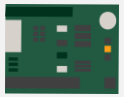
Door stations, speakers & audio bridges

Deep, native camera integrations

4K and radar device integration

Body-worn cameras

A1001 & A1601 network door controllers



VMD, ACAP and many analytics events

QR code SDK integration for Synergis and ClearID

ABC 123

VSaaS and Plate Reader Cloud Integration

Axis Powered by Genetec

Axis Powered by Genetec

Industry-first offering combining Genetec Synergis™ access control software with the AXIS A1210 and AXIS A1610 network door controllers.

Offered exclusively through Genetec Certified[pa] channel partners

Easy-to- acquire/ Easy-to deploy/ Easy-to-maintain

Fast and continuous delivery of innovation and cybersecurity updates

AXIS A16 & A12 Network Door Controller Series

Advanced control for TWO doors

4 x reader, 2 x relays, 6 aux IOs and more..

Ready out of box – indoor & outdoor ready*

Efficient control for ONE door

2x reader, 1 x relay, 2 aux IOs and more…

Compact design – install it anywhere

Note*: with custom enclosure

The product

Best of breed solution: Axis hardware pre-loaded with Synergis software

A1210 (1 door/2 readers) & A1610 (2 doors/4 readers)

Containerized architecture

Evolution of 3-tiered architecture that makes the most of computing power on the edge

Enterprise Capabilities

Offline logic, 250k cardholders, 150K events, OSDP, simplified unit management, 5.11.2+

Cloud ready

Suited for cloud and/or hybrid environments with secure connection to the cloud

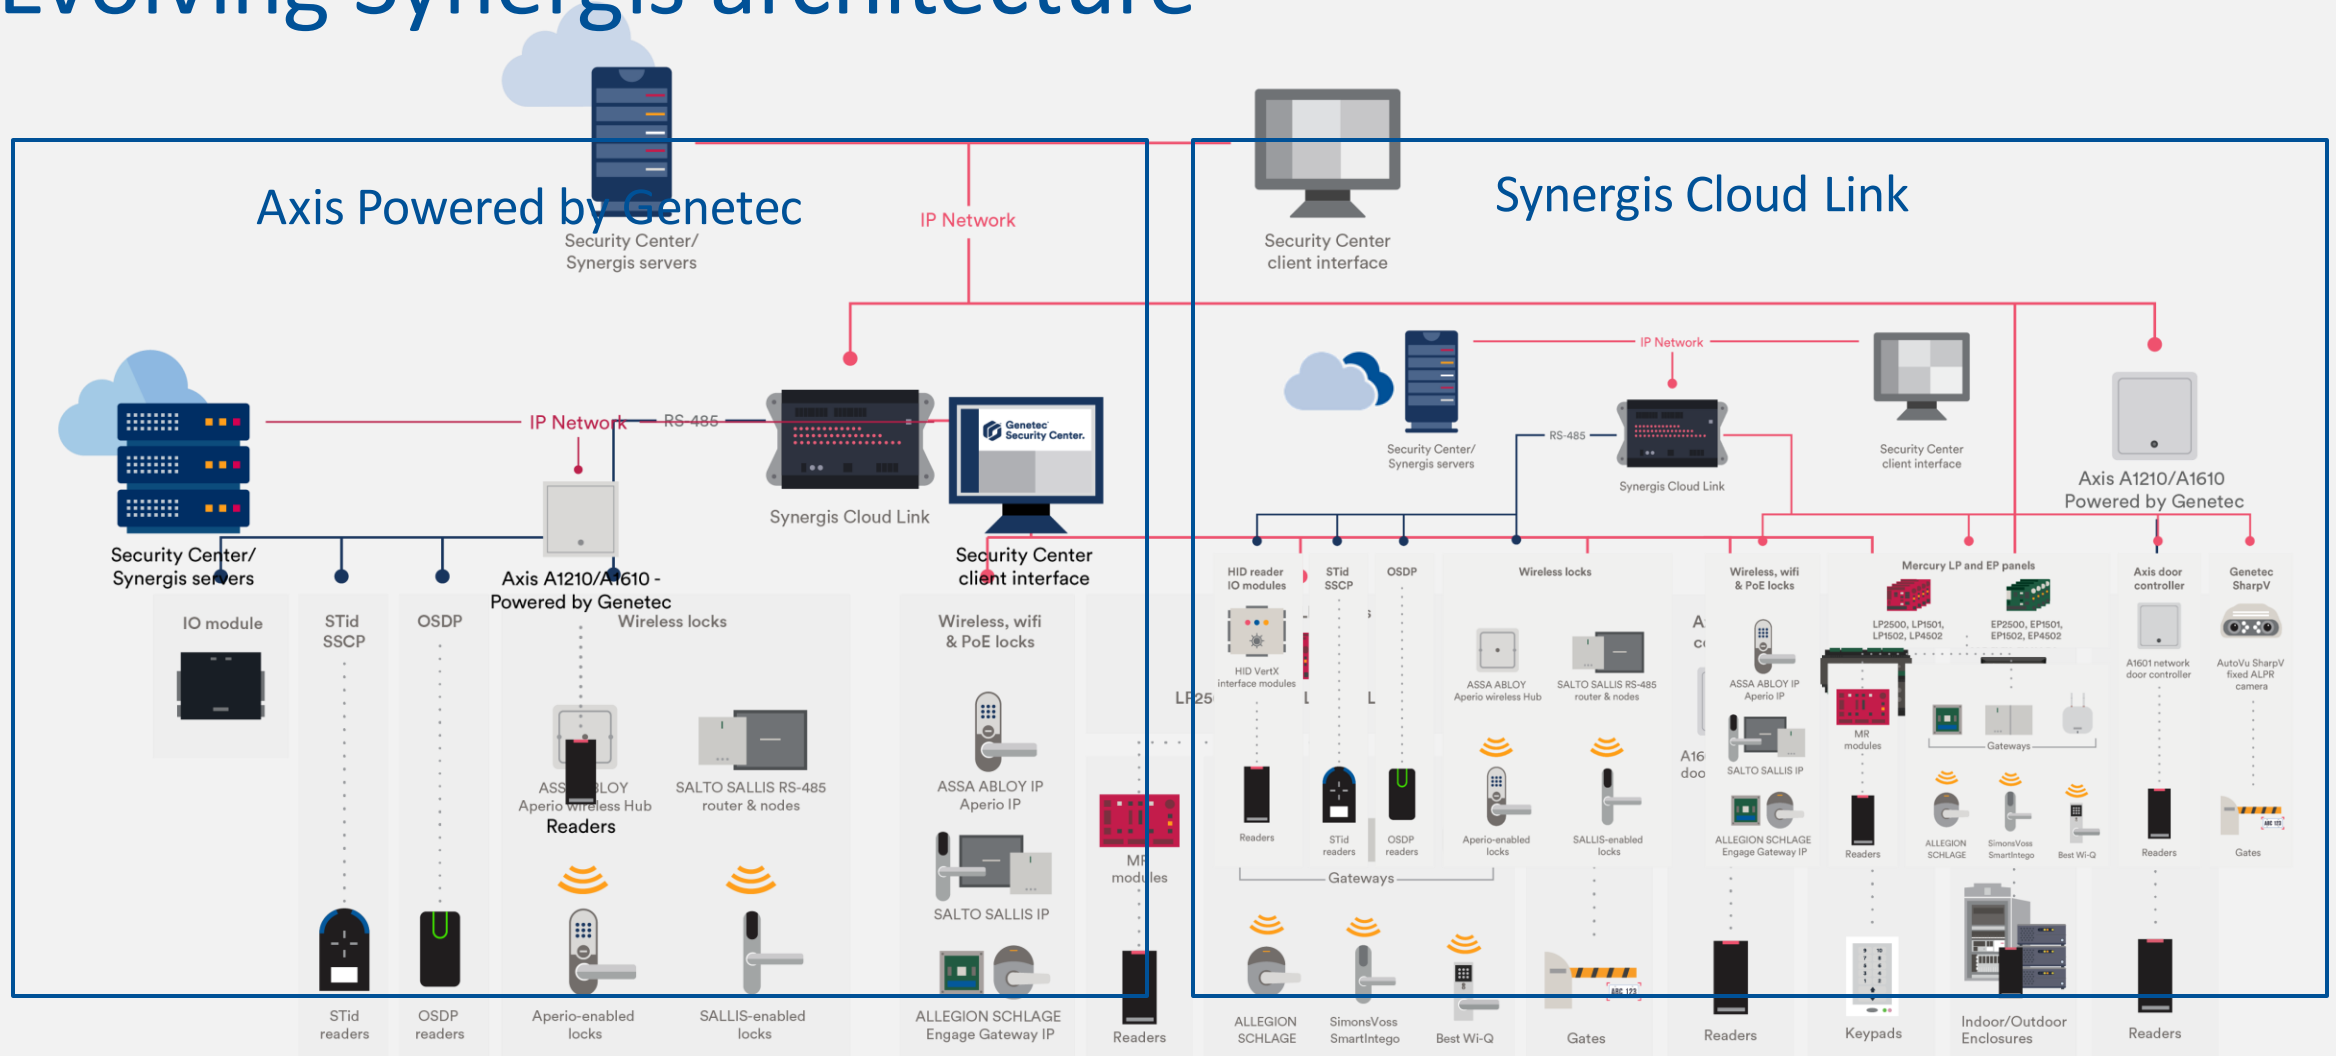
Cybersecure

Built-in cybersecurity features at both the hardware and software levels

Not available at launch

Global APB, LPR credential, 3rd party integrations

Evolving Synergis architecture



Axis - Powered by Genetec architecture best suited for:

Multi-site – low reader density

- 20 doors and less per site
- IP to the door
- Limited installation space
- Easier to run IP cabling

Main Verticals

- Education
- Banking and financial institutions (branches)
- Health care & Retail
- Technology sector

Cloud first or hybrid access control solution

Partners and end users with preference for Axis devices

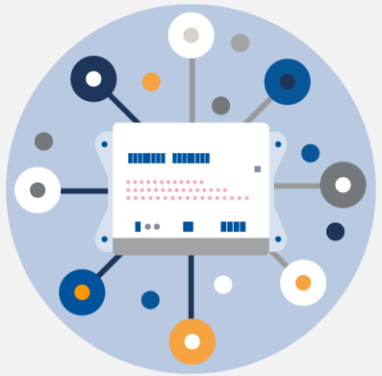
Synergis Cloud Link architecture best suited for:

Large sites with high door density

- 20+ doors per site

Complex environments

- Interoperability between units
- Advanced logic
- Up to 256 readers



Variety of on-site openings

- Wider hardware ecosystem, including locks, ALPR, etc.

Multiple monitoring points

- Required across the site

Why should the market care?

Channel partners

All-in-on offering - quick and easy deployment and maintenance

Enterprise grade

Best of breed security organizations

Only available through Genetec Certified Channel Partners

Channel & end users

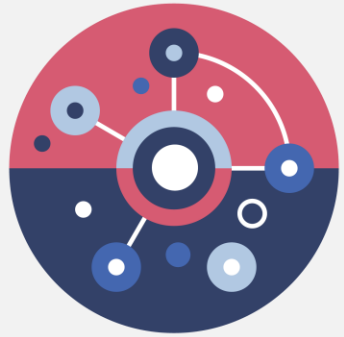
Cybersecure

More choices

Product availability

End users

Intelligence to the edge



Flexible and adaptable

How is this different from what the market is doing?

Best in breed solution
All-in-one solution
With 5 yr. warranty

Intelligence at the edge
(Plenum rated i.e. fire resistant when enclosed in ceiling or wall)

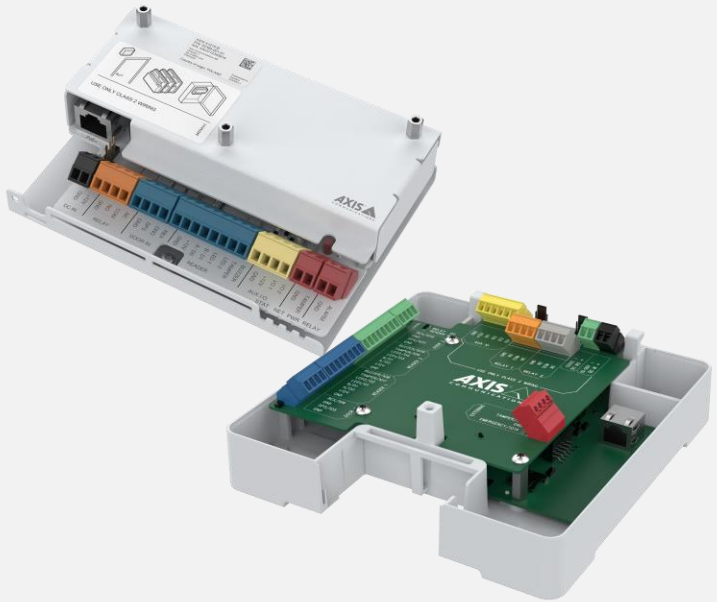
Fully-featured
Non- proprietary

Easier to deliver & consume features
Time from development to consumption is greatly reduced

Cyber secure/ High security standards
No default passwords, TLS 1.3, use of certificates

Axis Powered by Genetec door controller variances

A1610 & A1210
Powered by Genetec
unit with cover



A1210 & A1610
Powered by Genetec
Barebone version

A1214
Powered by Genetec
Stackable within cabinet

Axis - Powered by Genetec added value

	Axis A1210/A1610	Axis A1210/A1610 – Powered by Genetec
Offline decision-making capabilities	Basic	Advanced
On prem, hybrid and full cloud deployment	On prem or full cloud	On prem, hybrid or full cloud
Plenum space compatible	✓	✓
EAL6+ secure element and secure boot	✓	✓
Part of unified physical security solution in Security Center		✓
Easy installation and maintenance		✓
Scalable and central management of multiple sites		✓
Advanced Synergis features		✓
Fast delivery of new features and updates		✓
