

### Convergint **value**

---

Convergint partners with **Verkada** to provide an integrated system of cameras, air quality sensors, and more to help detect vaping in school environments. Adding visibility to data-based insights allows Verkada systems to more accurately **detect, prevent, and manage vaping**.

### Key **features**

---

✔ **Respond to events as they occur**

Review historical event footage and get insights needed to take action.

✔ **Log events over time**

Track vaping events over time, so patterns can be identified and investigated as needed.

✔ **Configure alerts to stay ahead**

Set up configurable alerts thresholds and notify administrators via SMS, push notification, or email.

✔ **Deploy sensors for maximum coverage**

Air quality sensors monitor high-risk areas like bathrooms, locker rooms, and hallways without infringing on privacy.

✔ **Utilise a natively integrated system**

Connect Verkada cameras to your sensors to efficiently investigate vape usage and improve safety.

### Protects environment against

---

✔ **Toxic gasses, chemicals & odors**

✔ **Loud or dangerous noise levels**

✔ **High CO2 from poor ventilation**

✔ **Toxic mold from high humidity**

✔ **Dust, particulates & allergens**

✔ **Indoor vaping & smoke**

## About **Convergent Ireland**

---

Convergent is a global systems integrator focused on delivering results for our customers through **unparalleled service excellence**. At Convergent, our top priority is service in every way—to customers, colleagues, and the community.

Since expanding its global reach and establishing presence in Ireland in 2016, Convergent now serves customers across the country in verticals including **financial, pharmaceutical, data centers, global accounts, retail, education**, and more. With offices in Dublin, Cork, and Galway, Convergent offers a wide variety of services and solutions across Ireland, access control, video surveillance, intrusion detection, perimeter protection, cybersecurity, and digital transformation technologies.
