Your ticket to the **cloud** is here: **Convergint + Genea**

convergint®

Convergint **value**

Convergint partners with Genea to **revolutionize cloud-based security** by leveraging non-proprietary Mercury hardware and a publicly available open API for maximum flexibility.

With industry-best partnership support, Genea **facilitates seamless transitions to the cloud**, offering faster user provisioning with mobile key cards in Google and Apple Wallet, better building oversight with customizable, drag-and-drop dashboards, 24/7/365 live support, and more.

Convergint **benefits**

- ✓ **Cut installation costs by using your existing Mercury hardware**

- ✓ **Dedicated channel-only sales strategy**

- ✓ **Elite Cloud Captain certification program**

- ✓ **Comprehensive implementation and support**

- ✓ **Fast provisioning with physical, mobile, and wallet credentials**

- ✓ **Total system control from a single platform**
